## AXIS TO "BURN AND BLEED," CHURCHILL TELLS COMMONS; GIVES DETAILED REVIEW OF RESULTS OF CASABLANCA CONFERENCE

Decision to Engage Forces of Germany, Italy and Japan on Land, Sea and in the Air on Largest Possible Scale at Earliest Possible Moment

By International News Service

LONDON, Feb. 11.—A solemn promise that the Axis will "burn and bleed" under a world-wide offensive plan drafted in meticulous detail at Casablanca was given to the House of Commons by Prime Minister Winston Churchill today.

In the course of a long and detailed war review which brought frequent rounds of cheering from the House, Churchill epitomized the results of Casablanca as a decision to engage the forces of Germany, Italy and Japan on land and sea and in the air on the largest possible scale at the earliest possible moment.

These were the highlights of his encouraging address—

1—Lieut. Gen. Dwight D. Eisenhower will take over the command of the British Eighth Army when it sweeps into Tunisia from Tripolitania.

2—More than 500,000 American and British troops were landed in North Africa on November 7, 1942, in the greatest overseas military expedition in history.

## THE WAR AT A GLANCE

By International News Service

Russian armies crashing through German defense lines on the southern front drove within 22 miles of the great Ukraine industrial center of Kharkov today and brought the strongly fortified city under artillery fire. Soviet forces smashed ahead on a 600-mile front from Orel to the Black Sea port of Novorossisk and crushed all Axis counter-attacks.

German defenses appeared to be crumbling, and military observers predicted that capture of Kharkov would force the invaders to fall back 300 miles to a new defense line on the Dnieper River, running from Kiev southward to the Black Sea.

Scores of fresh Russian divisions were reported ready to rush into the battle line at the first sign of an Axis collapse. The London Daily Express today quoted Moscow dispatches as saying that 300 trained divisions were poised behind the front, available for service wherever the enemy defense begins to crack.

A specially trained force of ski troops, said to number 1,500,000, was included in the Red army reserves.

Soviet spearheads today held Chuguyev, 22 miles southeast of Kharkov, and Volchansk, 36 miles northeast of the Ukraine capital.

In the Caucasus Russian armies closed in on Rostov. A Vichy radio report said new Soviet landings had been made near Novorossisk.

German troops trapped in the western Caucasus were converging on Novorossisk and the Kerch Peninsula while fighting bitter rearguard actions to cover their escape by sea to the Crimea.

Further new blows against the Axis were expected in the Southwest Pacific following defeat of the Japanese on Guadalcanal Island in the southern Solomons. Now that the enemy has been cleared from the strategic island, it was believed that American army forces will enlarge Henderson Field and use it as a base for an "island-by-island" assault on enemy bases to the north.

The nearest Japanese base to Guadalcanal is on New Georgia Island, 180 miles to the northwest. Recent heavy bombing attacks were believed to have knocked out this stronghold.

Gen. Douglas MacArthur's jungle fighters scored a six-mile advance in New Guinea in the Wau-Mubo area southeast of Lae. In the latest skirmish with the enemy, 125 dead were left on the field by the beaten Japanese.

In Tunisia the British Eighth Army was reported moving towards the fortified Mareth line. Gen. Harold R. L. G. Alexander, Middle East commander, declared in Cairo that he was confident that Field Commander Gen. Sir Bernard L. Montgomery would have no difficulty in outflanking enemy positions.

## TEST BOMBS ARE FOUND ON SELLERSVILLE STS.

Officials Think They Laid On Streets Until The Thawing Snow Revealed Them

## MYSTERY IS UNSOLVED

SELLERSVILLE, Feb. 11.—Origin of two cylinders each marked "test incendiary bomb," found on a street here this week, remains unsolved, according to Chief of Police Eckhart.

The cylinders are about seven inches long and two inches in diameter. One was found by Mrs. R. F. Stackel, when she left her home on Grand View avenue to talk with her butcher, who had driven up in a truck. The other was discovered later about 200 feet away, lying in the melting snow of a path to another home.

Chief Eckhart said the bombs were the kind that are set off by a fuse. He stated that they were of a different make than the explosive incendiary bombs tested by the Sellersville Council of Defense last summer. C. R. Witmer, council chairman, said that he retains possession of all the explosive incendiaries not used in the test.

One of the bombs, said Eckhart, was set off, and burned fruitfully without much success. He said it apparently had been affected by lying in the snow. He said he thought that it had been dropped sometime before the first recent snowfall, about two weeks ago, and was revealed by the thaw.

The bombs were turned over to company police of the U. S. Gauge Co. plant of which Mrs. Stackel's husband is personnel manager.

The former Miss Stake wore a street length blue dress, with hat and accessories of wine. Her corsage was of roses.

A reception for relatives and a few friends was held at the home of the bride's parents following the ceremony. The newly-weds will make their home temporarily with Mr. and Mrs. Stake.

## U. S. SERVICEMEN THROUGH OUT WORLD PRAISE RED CROSS; PLEASED WITH GARMENTS GIVEN THEM; SURGICAL DRESSINGS SENT TO ALLIES

By Mrs. E. Paul Patton

Those of you who sew, knit, or make surgical dressings weekly at your local Red Cross production stations know a little of where their handcraft goes.

Last year, Russia received one-half million garments and 10 million surgical dressings from the American Red Cross. Russia is but one of the countries Red Cross supplies as well as fulfilling the needs of our armed forces. At their overwhelming production department chapter headquarters hires two professional cutters to operate a dangerous and intricate machine. This instrument cuts from 90 to 150 garments at a single sweep according to the thickness of the material. The cut goods are bundled together into varying sized lots with directions for making buttons and tape, etc. These are distributed to branch production chairmen when their requisitions are received, who in turn give allotments to the sewing groups under their supervision. "The most popular of these items with the ladies," said Mrs. Robert Barnhill, production chairman for Lower Bensalem Branch, "are the 'ditty bags' as the boys call them. Each service man is given one of these kits before embarking for parts unknown and they have made a great hit with the men judging from the letters of gratification which pour into headquarters from all parts of the globe. This, of course, pleases us immensely when we realize not only the labor but time and effort to raise funds amongst our group with which to fill the bags are so appreciated. The only mark of identification the kit carries is that of the chapter. This applies to all of

## DRUNKEN DRIVERS PLEAD GUILTY

Clair Anthony Collins Pleads Guilty To Operating Truck While Intoxicated

## MUST PAY DAMAGES

DOYLESTOWN, Feb. 11.—Clair Anthony Collins, truck driver, pleaded guilty to a charge of operating a vehicle while under the influence of intoxicating liquor, Tuesday afternoon. Collins, who lives at 2726 West Cabot street, Philadelphia, struck a car being operated by Wesley Thompson, near the intersection of Bristol Pike and Route 513.

Two women, who were in Thompson's car, were seriously injured and were in the hospital for over six weeks. Collins, who was driving a car owned by a Philadelphia newspaper for which he worked at the time, said he expected the insurance policy carried by the newspaper on the car to cover the accident and had made no attempt to get in touch with the injured parties as to settlement of damages. However, since the defendant was not on an errand for the paper at the time, there was some doubt as to whether the company would take care of the accident.

"In the vast majority of drunken driving cases," declared Judge Calvin S. Boyer, "liability insurance is not covered by the defendants. Apparently they are willing to risk other people's lives."

Collins, who is married and has one child, was sentenced by President Judge Hiram H. Keller to serve not less than six months nor more than 23 months in the Bucks County Prison and ordered to pay damages incurred in the accident.

Second on the drunken driver list for the afternoon was Thomas Osman, of 17 Main street, Quakertown, a railroad conductor. Osman, who testified he had four or five drinks on January 19, when he was arrested by a member of the Quakertown barracks, was picked up when the arresting officer noticed him weaving all over the road and falling to stop at a red light. The officer signalled him twice, but he did not stop until he reached his home in Quakertown. He was taken to the office of Dr. Raymond Tice, who pronounced him under the influence of intoxicating liquor.

Possessed of a good reputation and not reputed to be a habitual drinker, Osman was ordered to pay the costs of prosecution and a fine of \$100.

In sentencing Harry C. Barndt, of South Perkaskie, on the same charge, President Rocco declared that he was the third respectable-looking man in a row to be sentenced. "It seems that with all the young fellows in the Army, middle-aged men, who should know better, are taking their place," he said. Barndt, who is 58, was arrested on the Bethlehem Pike, near Shelly, on November 22, 1942, by Pvt. Gallagher, of the Quakertown barracks, who noticed the car driven by the defendant weaving about on the road. He was also pronounced intoxicated by Dr. Tice. Costs of prosecution and a fine of \$10 were imposed.

## Motorists To Save By Reduced License Fees

HARRISBURG, Feb. 11.—(INS)—Administration officials estimated today that the owners of 1,500,000 automobiles and 28,000 light "pickup" trucks will save \$4,132,000 during the next biennium through reduced registration fees.

Two measures affecting the decreases were approved yesterday by the House and forwarded to the Senate for concurrence. The bills, which have been endorsed by Gov. Edward Martin, provide for a flat \$10 fee for passenger cars and a reduction in light truck registrations from \$26.50 to \$16.50.

Senate majority leader Weldon B. Heyburn, of Delaware, said the Department of Highways estimated that a million and a half passenger car owners would benefit by \$1,800,000 in reduced fees, while 28,000 half-ton pickup truck owners would save approximately \$266,000.

## MANY ASK "WHAT SHALL I DO WITH TIN CANS?"

Home-Makers Processed and Saved Them for Months; Anxious For Action

## WANT THEM COLLECTED

"What am I to do with tin cans?" This is the question on the lips of hundreds of women today.

Many of them have been saving tin cans for weeks but the cans have never been collected and no plans announced for their collection.

"We were told to aid the war effort by saving our cans and this we have done," is the argument advanced by the women.

Monday evening the question got to the floor of Bristol Borough Council. Even there there appeared to be confusion. Of course the collection of the tin cans is not a matter for the municipality, the effort being a volunteer one.

Councilman Louis C. Spring inquired in Council if the cans are to be collected, if and when. This has been the question many others have been asking. William W. Warner, second ward councilman, informed Mr. Spring that sometime ago "a government representative and Arthur Seyfert had been around, and that plans would be announced later."

Councilman Charles G. Rathke, sixth ward, told council that some school children were already collecting the cans. "My daughter got 15 cents for collecting the most cans," he said.

Contacted today, Mr. Seyfert, a member of the local Salvage Committee, stated that there remain but two members of the committee, he and Warren P. Snyder.

"We expect to use the borough trucks to collect the tin cans," he informed. "We have tentatively been granted permission through the street committee to use the borough trucks for this purpose."

Informed that the populace is anxious to know when the cans saved for months will be collected, Mr. Seyfert stated that such should continue to be saved, but could give no dates for collection.

"We are outlining a plan whereby the cans can be taken to the school grounds in the borough, from which points they will possibly be collected."

## HEARINGS HELD IN CONNECTION WITH "PLEASURE DRIVING"

One Driver Forfeits Coupon; Reprimanded by Those in Charge

## 1 UNDER ADVISEMENT

Penalty in Third Case Yet To Be Announced; Three Lived in This Area

Three residents of this area, charged with violating the pleasure driving ban were given hearings last evening at the office of Local Rationing Board, Farragut avenue.

In one instance the owner of the car forfeited a coupon, the second case was held under advisement; and penalty in the third case is yet to be stated.

Paul V. Forster, Esq., presided at the hearings, the jury being composed of Creighton Vandegrift, Owen Evans and Doron Green.

In the one case a Bristol Township man was charged with parking his car on the Emille Road, it being stated during testimony that he had visited his girl friend and that his car blocked the driveway of a neighbor. He pleaded "not guilty." The young man informed the jury that when he visited his girl friend he travelled on a bicycle; but that he did occasionally when passing the place enroute to the store for supplies, pay a short visit. He was required to forfeit one coupon, and when reprimanded was informed that if such instance occurred again his "A" ration book will be forfeited.

Another Bristol Township resident's car was reported parked at a theatre on 69th street, Philadelphia. The owner stated he knew nothing of the instance, but that inasmuch as he owned two cars possibly his son had used the car while the father was at work. The son, it was brought out, is now in the Navy. The case was held under advisement.

The third case was that of a man who gave a Bristol borough address. His car, it was claimed, had been found parked at Bala. The owner informed that he had taken his wife to the office of a physician. When asked for his "A" ration book he said he had lost it. The penalty will be announced later by the board.

## Axis to "Burn and Bleed," Churchill Tells Commons

Continued From Page One

3—Progress is being made against the U-boat menace and the Allies "are more than holding their own."  
4—The war will be prosecuted until "no vestige of Nazi or Fascist power, and no vestige of the Japanese war plotting machine is left upon the face of the earth."

5—As a result of Casablanca, the United Nations now have a definite design of offensive warfare.

"I await the unfolding of events with sober confidence," Churchill said. "Sure that Britain will display the same steadfastness she did in the awful period when the life of the British Empire hung by a thread."

who moved to Cape Cod. Officers re-elected include: J. Latta Jones, president; Miss Dorothy C. Sutherland, secretary, and Gilbert M. Meade, treasurer.

A reduction of \$550 has been made on the mortgage through the sale of a small detached piece of land and a donation of \$100. A donation of \$25 was received in memory of William R. Mercer, and Christmas donations amounted to \$27.50. The budget is short by \$700, it was reported.

## HULMEVILLE

Miss Edna Bilger, of Langhorne, was a guest yesterday at the home of Mr. and Mrs. Edward Bilger.

A few weeks' visit is being paid by Mr. and Mrs. Harry Clark, of Belmar, N. J., to the latter's mother and brother, Mrs. Samuel Black and Howard Black.

## CROYDON

On Sunday, John Coyne and son, William, Philadelphia, were visitors of Mr. and Mrs. Timothy Coyne.

A farewell party was tendered to Eugene Baehser, Fourth avenue, by his parents, Mr. and Mrs. Charles Baehser, at their home on Saturday evening, the young man leaving for army service this week. One hundred guests were present from Croydon and Philadelphia. Dancing, music and refreshments interested the group.

Pvt. Raymond Schweiker arrived home Wednesday morning from Texas. He has a leave of absence until Monday, receiving the message on Sunday that his father had died.

forces holding the Mareh Line. The Allied job of mopping troops and supplies for the all-out attack on the Tunisian East Coast, held by German-Italian forces, continued without interruption. Fighting in the North African theatre was limited to light patrol action.

In Italy the seeds of revolt against

Mussolini and the Fascist regime de-veloped apace. A London report said troops into the territory of his ally to

cope with a possible uprising.

The widespread Allied offensives, and threats of new attacks have forced the German high command to spread thin its dwindling airpower.

Continued RAF and American bombings of Germany and occupied Europe have forced Reichsmarshal Herman

Goering to hold 50 per cent of his fighter force in Europe. Another 20 per cent has been shifted to the Mediterranean to meet the challenge of the Allied airforces in North Africa.

This leaves less than a third of the Nazi air force available for the Russian campaign.
